

BETA China 2024 technology exchange workshop: Advancing collaboration with SERES

China, September 6, 2024

On September 6, 2024, BETA CAE Systems China hosted the "2024 Technology Exchange Workshop" at the SERES New Energy Vehicle Design Institute in Chongqing, attended by technical engineers from SERES. Danghe Shi, Director of SERES' platform technology system, and other leaders from vehicle simulation and development departments were also present.

Mr. Shi praised ANSA's performance and noted that BETA's approach aligns with SERES' focus on automation and innovation, encouraging further collaboration.

The workshop featured a main session on BETA's simulation solutions and AI applications, followed by discussions on crash and safety, CFD, NVH, optimization, and automation.
